# INTERCHANGEABLE MERCHANDISING DISPLAYS

Product Catalog

## **DESIGNED** With You in Mind

### **Stock Products that Sell Themselves**

The NSI Industries Interchangeable Merchandising system makes it easier than ever to place, display and re-stock products across our family of brands. These new displays are an eye-catching addition to your space, constructed from premium materials that make our products stand out. Enjoy the continual support of new product launches and line updates, packaged in a display that fits your space.

# INTERCHANGEABLE System

## Fits Your Space to Maximize Your Profits

This versatile system provides ultimate flexibility to meet the needs of electrical distributors while maintaining a streamlined footprint to maximize profits.

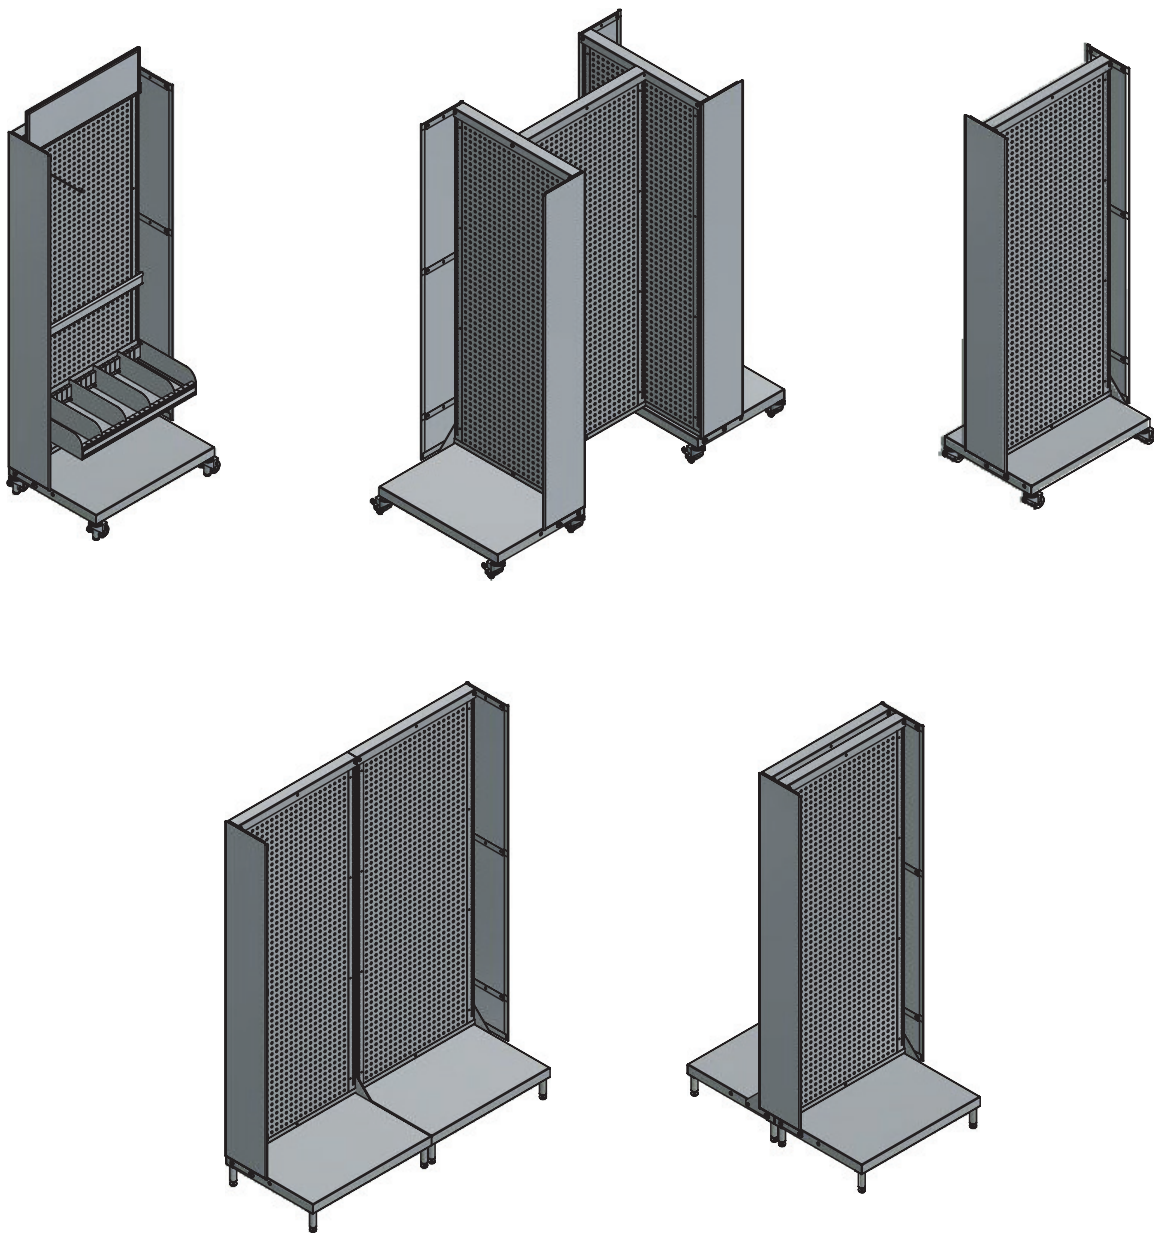

# MULTIPLE Configurations

## An Interchangeable Display that Fits Your Needs

Customize the merchandiser itself, choosing from several optimized configurations that can each display different product assortments to offer exactly what your customers need.

# READY-TO-SELL Planograms

## Proven Designs That Simplify the Display Process

Stock and restock merchandisers following proven planograms that maximize the amount of desirable product displayed in the space.
